

MAGICRETE FENCE FORMS PRICE LIST

www.magicrete-molds.com

Price list for double sided fence molds.

2 different modifications of molds are available: double-sided mold without metal casing/carcass (needs to be manufactured on-site) and double-sided form with metal casing/carcass.

The inside of the mold is manufactured from high-quality polyurethane with hardness ranging from A30 to A55 Shore, depending on the form type and configuration. Outer casing of the form is made up of water-proof construction veneer and optional metal casing. Forms, which don't have a factory metal carcass, need to be equipped with one on-site.

All MAGICRETE textures are absolutely unique and manufactured by our company; therefore you will not find another mold producer with exactly the same texture.

Forms have a service life of up to 3000 production cycles (10 years) and sustain superior product quality over duration of service life.

| № | FENCE molds description, size (mm) | Price Eur/piece |
|----------|--|----------------------------|
| | OBR** - aged brick | |
| 25 | OBR17029 (A,B)2 (panel), 1700x290x50 | 363 |
| 26 | OBR17029 (A,B)2M (panel, carcass), 1700x290x50 | 550 |
| 27 | ***OBR-CAS (cassette mold for 2 panels) | 1518 |
| 28 | OBRSE25258 (row slope), 2580x250x80 | 335 |
| 29 | OBRSE25258 (end slope), 2580x250x80 | 335 |
| 30 | OBRSC25258 (corner slope), 2580x170x80 | 320 |
| 31 | OBRSE25258M (row slope, carcass), 2580x250x80 | 1011 |
| 32 | OBRSE25258M (end slope, carcass), 2580x250x80 | 1011 |
| 33 | OBRSC25258M (corner slope, carcass), 2580x170x80 | 998 |
| 34 | OBRPLC17016 (panel cap), 1700x160x60 | 166 |
